

JOSEPH W. FARRELL  
Principal

**CARBONDALE AREA JR.-SR. HIGH SCHOOL**  
*Summer Reading Program (Modified)*

The Carbondale Area Jr.-Sr. High School Summer Reading Program requires that students read assigned books during the summer to prepare for their application in Reading classes (Grades 7-8) and English classes (Grades 9-12) next year. An initial test will be followed by discussion and additional assessment activities in subsequent classes. These grades will be averaged into each student's Reading (Grades 7-8) or English (Grades 9-12) grade for the first marking period.

To prepare most effectively for the Summer Reading Test and for additional class discussion and assessment activities, students have been provided with a **study guide** to focus attention during reading. **Students are expected to complete the study guide and return it to school for credit next year.** Additional study guides are available through the Guidance Office upon request during the summer.
