

High School Dual Enrollment Career Exploration Courses SUMMER 2021

Introduction to Healthcare provides an overview of health career professions.

Introduction to Early Childhood Education is a foundation course which studies the relationship between playing and learning.

The fee for a course is the traditional charge for dual enrollment-\$100 per credit. There is a textbook for students to purchase on their own for each course. The cost of which is approximately \$100. Payment will be expected when the student is enrolled. The format for each course is 10 weeks online beginning June 7th and ending August 13th.
