Acting Principal

August 31, 2021

Dear Chargers and Chargerettes,

Through Wagner's Clifford Pharmacy, Carbondale Area School District can host a Pfizer COVID vaccine clinic for students who are currently ages 12 through 18 years old. The Pfizer vaccine is a series of 2 shots. The first shot will be administered on September 14, 2021, and the next shot will be on October 5, 2021. Parents or guardians **MUST** be present for students under the age of 18 years of age.

Two forms must be completed and submitted to be registered- a COVID Vaccine Consent Form and a Parent/Guardian Waiver. Please submit these forms by September 7, 2021, to Mrs. Priscilla Bilski, high school nurse.

Students should wear a short sleeve shirt and have insurance cards available. They should also expect to remain in the clinic area for 15 minutes after the vaccination. If a student has a history of allergies to medicines, or vaccines, the student will be required to be at the clinic for 30 minutes after the vaccination.

There is no charge for the vaccine, but the pharmacy will attempt to collect an administration fee from insurance. Please note that there are government programs in place to cover the cost of administration.

Respectfully,

Lawrence A. Gabriel III
Acting Principal
Carbondale Area Jr./Sr. High School
