

# Special Education Courses for Parents & Guardians

From Vector Training, Special Education, a leading provider of online professional development that helps all educators meet the needs of students with exceptionalities, comes new, engaging courses for parents and guardians. A parent is an important part of the special education team, which includes school staff. This team shares the same goal – each child's success. Sometimes the processes can be confusing for parents and guardians.

**These courses are designed to help parents and guardians understand the special education process and include personal testimonials from parents of children with exceptionalities.**

- Individualized Education Programs (IEPs)
- Individuals with Disabilities Education Act (IDEA)
- Special Education Referral Process
- Collaborative IEP Meetings
- Gifted Students
- Transition Services

When parents are well-informed and recognize the value of partnering with their child's school, everyone benefits. We offer flexible course bundle options to best meet your needs. Training is accessible on demand, from any device.
