VISITORS/ SIGN IN POLICY

The School District of Carbondale has implemented the Raptor Visitor Management System to protect students, faculty, and staff. The Raptor Visitor Management System allows us to track visitors and volunteers in our buildings at all times.

Upon entering a district building, visitors will be asked to present a **valid state-issued ID**, which will be scanned into the system. Each and every visitor is instantly screened against 14 the registered sex offender databases in all fifty states. It is important to note that the Raptor Visitor Management System only scans the visitor's name, date of birth and photo for comparison with a national database of registered sex offenders. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit.

Additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles.

A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork. In the event that a person does not have identification, he/she can still be given access to the building, but will be escorted by a school staff member.

If you are interested in learning more about the Raptor visitor management system, please visit the Raptor Technologies website (www.raptortech.com).

The safety of our students is our highest priority and the Raptor Visitor Management System ensures that accurate and reliable records are kept for every visitor that enters our schools. Therefore, **all visitors to the school must be scanned into the system** and obtain a visitor badge. Thank you, in advance, for your understanding and support of enhancing school safety protocols in our district.

ADMISSION REQUIREMENTS

Each child who registers for entrance to school will be required to have his/her birth certificate, or similar documentation, 2 proofs of residency, i.e., Driver's License, Motor vehicle registration, utility bills, Voter Registration, tax statements, Deed, mortgage, or lease agreement, and **proper immunization** will be required before admission is granted.

A child is eligible for admission to kindergarten if he/she has attained the age of five (5) years before the first day of September, unless he/she meets requirements adopted by the Board of Education.

ATTENDANCE POLICY

ABSENCES -- **Attendance** at school is essential for maximum success. Absences on account of illness, verified with a Doctors excuse or death in the immediate family are excused. Other excuses for absence are classified as unexcused. After three (3) days of unexcused absences are recorded, a “Notice of Unexcused Absence” is served on the parent. This notice is referred to as the “First Offense.” After the first offense notice, the next session during the term the child has an unexcused absence, the Parent/Guardian will be required to have a Student Attendance Improvement Plan Meeting (SAIP). Present at this meeting will be the attendance officer, guidance counselor, and truancy liaison from OYFS in which the purpose is to resolve any attendance concerns. If after attempting to get Parent/Guardian in for the SAIP meeting is unsuccessful or if any unexcused absences occur after the SAIP meeting, the case is then turned over to a magistrate. This can result in arrest and/or fines of the parent/guardian for violation of the State of Pennsylvania Compulsory School Attendance Law. Carbondale Area School District participates in the S.T.A.R.S. Program, which is run through Lackawanna County Family Court. Details of that program follow.

S.T.A.R.S. Students That Attend Regularly Succeed

NAME OF PROGRAM: Students That Attend Regularly Succeed (S.T.A.R.S.)

LOCATION: Family Court, 123 Wyoming Avenue, Scranton, PA 18503

CONTACT PHONE: 570-963-6781

CONTACT PERSON: Jennifer Carroll, School Liaison, Office of Youth & Family Services

ATTENDANCE OFFICER: Stephanie Miller **PHONE:** 1-844-330-2273 ext. 1191

Purpose and Goals

The primary purpose of the S.T.A.R.S. Program is to reduce the number of truant students in Lackawanna County. The program also strives to strengthen the relationship between the student and his/her family while simultaneously engaging the school so that students and families become actively involved in the educational process. The importance of the student achieving an education is embedded in parental accountability combined with involvement of community collaborators, including resources from partners representing law enforcement, behavioral health, drug and alcohol and other social service providers. A long-term goal of the program is to reduce the rate of juvenile delinquency and ultimately adult criminal activity.

PROCEDURE

The Pennsylvania Compulsory Attendance Law defines a student as truant after he/she has three (3) unexcused absences and habitually truant after six (6) unexcused absences.

School districts must only file on students of compulsory school age as outlined by law. **Suspension days must not be included as they are not illegal absences.** These days could be brought to the Judge's attention at the time of the hearing separate from the number of illegal absences.

After the third (3rd) unexcused absence, written notice must be sent to the student's parents/guardians. The notice must include the following:

1. The date the child was absent.
2. Confirmation that the absence was unexcused.
3. Confirmation that the absence is a violation of the School Code. (PA Law requires that the parents be notified of this fact)
4. A conference with the parents/guardians of the student may be requested at this time. The purpose of this conference is to develop a Student Attendance Improvement Plan (SAIP).

Explanation that the violation may result in a summary offense in which penalties may be imposed.

After the notice is sent, if the parent presents an excuse, which the school deems legal, then the corresponding absence shall not be credited to the student. **If the child continues to be truant and incurs additional absences after this notice is issued, the school must offer the student and parent a student attendance improvement conference.** If truancy continues after a SAIP meeting, the school may file a citation to the local Magisterial District Justice, informing him/her that the student and/or the parent has violated the Pennsylvania School Compulsory Attendance Law, herein after referred to as the Law. **According to the Law schools must create attendance improvement plans prior to referring truancy to the courts.** The Magisterial District Justice then issues a hearing notice to the parent scheduling a hearing date. As a function of the S.T.A.R.S. Program, the hearing is held in a designated school building.

The Law defines "student attendance improvement conference" as a "conference where the child's absences and reasons for the absences are examined in an effort to improve attendance, with or without additional services". The Law requires schools to invite the following individuals to the conference: the child; the parent/guardian; other individuals identified by the parent who may be a resource; appropriate school personnel and recommended service providers. A school liaison is assigned to each school district to assist with the development of SAIPs. The liaisons will also case manage truancy cases. These workers are also liaisons to the DHS/Office of Youth & Family Services and should be the contact between the school and OYFS.

The SAIP **must** be held before filing a citation with the District Justice according to the Law. **The Law states the school must hold the conference even if the parent declines to participate or fails to attend after the school provides advanced written notice and makes attempts to communicate via telephone.** The school must document the outcome of any attendance improvement conference in a written SAIP. **Schools may not**

take further legal action to address unexcused absences until after the date of the scheduled attendance improvement conference has passed.

MAGISTERIAL DISTRICT JUSTICE HEARING ACTIVITY

During each scheduled Truancy Hearing, each system (i.e., Family, School, Court, Law Enforcement and C.L.I.P. Team members, including the Truancy Probation Officer, School Liaison, Behavioral Health representative, Drug and Alcohol representative, etc.) has a unique and contributing role. By engaging in a dialogue, information is reviewed, recommendations for services are discussed, roles are identified, and decisions are made...all to address and reduce the truant behavior of the student. If a student and/or his/her parents do not comply with any mandate contained in the Magisterial District Justice's Order, then the student and/or the parent is in contempt of a Court Order and is subject to further court action.

CONTEMPT COURT HEARING ACTIVITY

During this phase of the truancy process, students and their parents are brought before a Common Pleas Court Judge for failure to comply with the Magisterial District Justice's Order to attend school and/or to participate in Court Ordered Intervention (e.g., behavioral health and/or drug and alcohol counseling).

ATTENDANCE-- Attending School regularly helps children feel better about school-and themselves. Every day a student goes to school he or she obtains academic and social skills needed to succeed in life. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Establish and stick to the basic routines (going to bed early, waking up on time etc.) that will help your child develop the habit of on-time attendance. Every day a student is absent they can fall three days behind their classmates. Good attendance also leads to improved grades and school performance and will help children do well in elementary school, high school, college, and at work.

TARDINESS -- It is essential that students report to class on time. Tardiness to class and homeroom causes a disruption to fellow students and to the teacher. Parents/Students are responsible for being on time to school/class. Tardiness to school, as is in the workplace, is unacceptable (reasons as oversleeping, missing the school bus, preferring to ride with parent or friend are not acceptable reasons for tardiness). Excessive tardiness will result in notification of parents and/or disciplinary action. Parents are to be aware that a student is tardy if not in their homeroom by **7:50 A.M.** (National Anthem). The Instructional School Day begins at 7:50 a.m. We encourage students to use the school furnished transportation in order to avoid these issues with tardiness.

REQUEST FOR EARLY DISMISSAL: Students will only be released to individuals on the Student's Emergency Card. It is imperative students' Emergency Cards are accurate and updated regularly. Students

WILL NOT be excused **via telephone** from a parent or guardian. Any student wishing to be dismissed early **MUST** have an appointment card or doctors /dentist's order or legal notification from a court such as a subpoena or criminal complaint form. Also, request for death in the family will be honored. If none of these are available, the parent of the student **MUST COME IN** to the principal's office to sign the student out.

If a parent wishes to dismiss a child after 2 pm, the student must present a note to their teacher prior to that time and the parent must report to the office prior to 2pm as not to interrupt the dismissal process and loading of the busses.

Transitional Pre-Kindergarten:

The overall goal of a transitional program is that it allows children to experience school life, but at a more developmentally appropriate pace. Some students may struggle with a full-day program, and this allows the school and parents to work as a team to transition them properly. The administration will make the final determination regarding time allowance. Transportation would be the responsibility of the parent/guardian if schooling is revised.

HOMEBOUND INSTRUCTION

If a child is unable to attend school for an extended length of time, he/she may be eligible for homebound instruction. Applications for individual instruction are available at the Carbondale Area School District Offices, Office of Superintendent. Applications shall include a written statement from the physician containing a request for homebound instruction, a detailed description of the nature of the illness or handicap, and the approximate length of time that the student will be out of school. Instruction will be provided only when the student will be out of school for a minimum of two (2) weeks following the request date.

School-Wide Positive Behavioral Interventions & Supports

We “R” The Chargers: Ready, Respectful and Responsible

Mission Statement

Our Mission is to provide a positive, safe, healthy, nurturing and respectful environment in which all students have the opportunity to become productive members of society.

We will provide this through:

1. Development of clearly defined and consistent student expectations and accountabilities which reflect our theme of Be Ready, Be Respectful, Be Responsible
2. Maintenance of an open ended flexible approach through the use of a data driven informational system.
3. Educationally sound methods that foster student character, safety, and academic excellence.

SCHOOL-WIDE POSITIVE BEHAVIORAL INTERVENTIONS & SUPPORTS

Dear Families,

Have you heard the buzz about our new School-Wide Positive Behavioral Interventions & Supports program?

What is School-Wide Positive Behavioral Interventions & Supports?

School-Wide Positive Behavioral Interventions & Supports is a proactive approach to discipline that emphasizes prevention, instruction on social skills, and data-based decision-making to reduce problem behavior and improve academic performance.

Why does PBIS work?

Research shows that when a school environment is positive and predictable, students feel safer, have better academic performance, higher test results and make better behavior choices. Schools show a gain in instructional time, reduction in out of school suspensions and discipline referrals and show a decrease in referrals to Special Education.

Can parents be involved?

Yes! Research shows that parent involvement in a child's school experience greatly increases their chances for academic success, positive behavior, higher self-esteem, better attendance and greater motivation. Parents are key sources of information about their child, are their child's first teachers, and have strengths and interests that can contribute to the educational process. When schools and families work together to support learning, children tend to succeed not just in school, but also throughout life. (National PTA, n.a.; Newman L. 2005; Henderson and Berla, 1997)

Our approach to managing behaviors is a **positive one.**

The purpose of School-Wide Positive Behavioral Interventions & Supports is to establish a climate in which appropriate behavior is "the norm."

Rewards are a **HUGE component of our new School-Wide Positive Behavioral Interventions & Supports program!**

Immediate Reward: CHARGER CASH

- All adults in the school will be given CHARGER CASH to be given out to students who are displaying Charger Pride by showing Ready, Respectful, and Responsible behaviors! Students can earn CHARGER CASH all around the school – even on the bus!
- Each student will be responsible for their cash until they are able to purchase rewards.
- Students can redeem cash at the CA School Store during an assigned time.
- Students may also choose not to spend their cash at the CA School Store and save their cash for the Quarterly Charger Blowout.

Short Term Reward: CA School Store or Classroom Reward

- On a designated day, students will be able to spend their cash for various rewards.
- The CA School Store will be located in the Main Level Elementary Lobby, students will have the opportunity to visit the store monthly. On reward days other than school store or blowout, there will be rewards planned in the classroom.

Long Term Reward: Charger Blowout

Monthly, students who were Ready, Respectful, and Responsible will be invited to a fun celebration, called a Charger Blowout.

COUNSELING PROGRAMS

A. PHILOSOPHY --

School counseling programs are collaborative efforts benefiting students, parents, teachers, administrators and the overall community. School counseling programs should be an integral part of students' daily educational environment, and school counselors should be partners in student achievement.

The elementary guidance program in the Carbondale Area School District is developmentally oriented. It follows the national model in that the primary focus is on promoting academic achievement, career planning, and personal/ social development. This model consists of four interrelated components including foundation, delivery system, management systems, and accountability. It is based upon the assumption that all children in the process of growth and development achieve certain goals if they are to progress normally. The elementary counseling program attempts to offer the kinds of services and experiences that will assist the individual child in accomplishing his/her tasks and establishing realistic goals.

Elementary school counseling is considered an integral part of the elementary school program.

Guidance is a continuous process which should start early in the individual's life so that he/she may have the support of competent guidance personnel as he/she begins to formulate patterns of behavior that will regulate much of his/her developmental activity throughout his/her school career and later in life.

B. OBJECTIVES --

1. To assist all children to develop a positive self-image.
2. To help children grow in understanding themselves and others.
3. To help children realize their own role in accepting the responsibility for their own decisions and actions and to establish realistic goals.
4. To establish and maintain a continuous program of orientation and follow-up for each child through his elementary school experience.
5. To provide a supportive element to children, parents, teachers and others responsible for the growth and development of each child through conferences, consultations, and communications.
6. To provide for the early identification and diagnosis of learning difficulties.
7. To assist teachers in recognizing symptoms of potential problems and in developing guidelines for dealing with these problems.
8. To help children, parents, and school personnel to interpret test scores and professional reports.
9. To develop and maintain effective communication and cooperation within the guidance program of the Carbondale Area School District.
10. To develop rapport with other pupil personnel services and community agencies to assist with problems of children.
11. To assure that follow-up activities are planned and fully executed.

DELAYED OPENINGS/ EMERGENCY CLOSINGS

The closing or delayed opening of school will be announced over the radio and television stations prior to 7:00 a.m. In addition, an automated phone call will be made to each student's home residence. **PLEASE KEEP PHONE NUMBERS UPDATED AT THE SCHOOL.** Parents can also listen to the radio stations WCDL, WEJL, WKRZ, and WARM, or watch the television channels 16 WNEP, 22 WYOU, or 28 WBRE for announcements.

In the event of an early dismissal due to inclement weather, the above radio and television stations will announce the time of each school's dismissal along with an automated telephone call home.

EMERGENCY PROCEDURE CARDS

At the beginning of every school year, a parent/guardian **MUST** complete a medical emergency card for each student. The cards will contain vital information including the names and telephone numbers of persons to be contacted in the event of an emergency. This information will be kept on file by the nurse, classroom teacher, and in the principal's office. It is extremely important that the parents/Guardians notify the school if any of this information changes throughout the school year.

FIRE DRILLS

There will be a fire drill held each month at the elementary school. Talking is forbidden during a fire drill as students and teachers leave the building, while they are standing at their stations, and when they are returning to their rooms. All instructions from teachers must be accepted without argument and carried out as quickly as possible. Students are to observe the signs in the building and use exits as specified. The particular exit to be used by the pupil depends on the room in which he or she is located when the alarm is sounded. Directions for leaving the building are posted in every room. These procedures will apply to any type of evacuation of the building that is necessary for emergency purposes.

GRADING SYSTEM

Students are evaluated and issued report cards four times yearly. A student's grade for the marking period is determined by individual teacher grading systems. Minor subjects are graded with an "S" or a "U," signifying "Satisfactory" or "Unsatisfactory." Major subjects are graded numerically on a scale from "0" to "100." A grade of less than 70% is considered a failing grade.

PARENTAL ROLE:

While homework is primarily the responsibility of the student, parents can encourage their children by showing interest and instilling positive attitudes toward homework. Some tips parents can follow:

1. Provide a place to study. The child should have a quiet, well-lit work area.
2. Help the child develop a homework schedule.
3. Motivate toward neatness, best work, and completion of all assignments.
4. Review the school homework policy with the child so that the child knows what is expected of him/her.
5. Give positive reinforcement by monitoring the student's homework and giving encouragement.

PROGRESS REPORTS

Progress/ Performance report will be sent home for parents to review. This will take place in the middle of each marking period, before report cards are distributed.

REPORT CARDS

There are four marking periods consisting of 45 school days each. Report Cards will be issued after each marking period has ended. The first three report cards will be sent home with each child. The fourth report card will be mailed to your home during the summer vacation. Please check your monthly school calendar for specific dates of report card distribution.

Parents are requested to sign and remove the lower left portion of the report card and return it to the classroom teacher.

PARENT/TEACHER CONFERENCE

Parent/teacher conferences are used as a supplement to the report card. They give the parent and teacher an opportunity to discuss individual student's strengths and weakness.

Parent/teacher conferences are held four (4) times each year. Please consult your monthly school calendar for specific dates and times. The time allocated for conferences is one and one-half hours. Please be considerate of other parents who are also waiting to see your child's teacher and limit your

conference to five (5) minutes. If more time is needed, please phone your child's school to schedule an appointment with your child's teacher.

Parents are not permitted to meet with a teacher during regular school hours without an appointment. Please phone the school to schedule an appointment.
