### PA Forward

High school seniors are anxiously awaiting their financial aid offers from their dream colleges for the 2024-25 academic year. With the delay in FAFSA processing, prospective students should be using this time to work on their scholarship searches and review their financing options. As they calculate their educational costs and compare those to the available financial aid, they may identify a financing gap. For those situations, a private loan from PHEAA's PA Forward Student Loan Program may be the best solution. PA Forward offers affordable options with several benefits and a variety of repayment options for PA residents planning to attend school in or out of state. Reference [pheaa.org/PAForward](#) to help them with the planning process.

### How to Correct or Update Your FAFSA

If a student makes a mistake when submitting the FAFSA—for instance, the form is submitted without required contributor information or without signatures, or if the student needs to add additional schools—corrections can be made. Students will be able to make the corrections as soon as their FAFSA is processed in the first half of March. Learn how to make [FAFSA corrections](#).
